## Run-Watcha-Brung

Let down the tires, sharpen your reactions and treat the old beast to a tank of 96 – its time for the Club Lotus Drags at Champion Dragway, Meremere.

May 20<sup>th</sup> its all on again as we run the annual Dial Your Own Time sprints at Meremere dragstrip. A good, fairly informal day where (after a couple of practice runs of course) you nominate a break-out time, the lights are staggered and you're away - even racing for everything from a Lotus Seven to a 350 Chev powered Cobra replica.

This event went down really well last year with a good mix of cars from various clubs and with no motorsport license required and only a helmet necessary on the day it's a day where even the family towcar can win and Mum can have a lot of fun driving it on the day.

Price is yet to be confirmed but should be around the \$20 mark, providing plenty of runs for your buck.
